

# Lantern

Make a paper Lantern to hold an LED lamp.

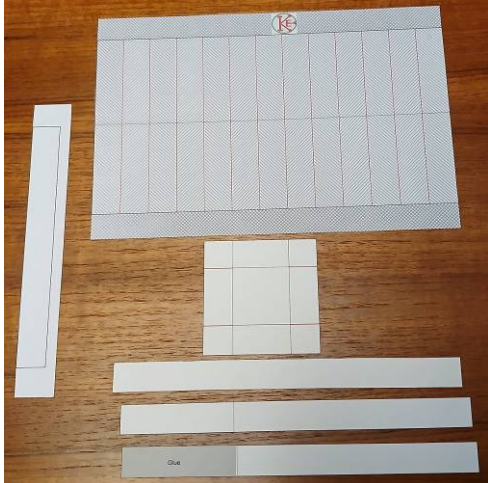

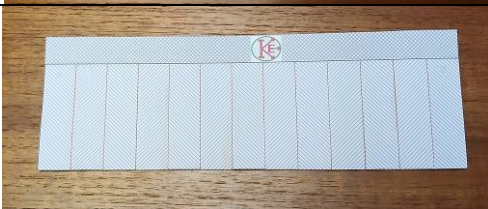

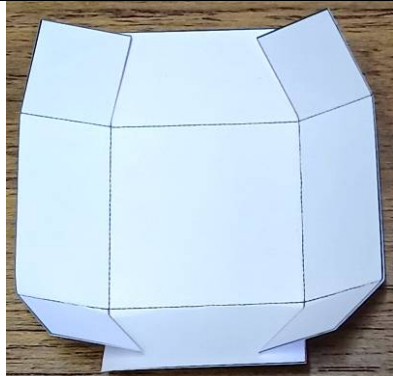

## YOU WILL NEED:

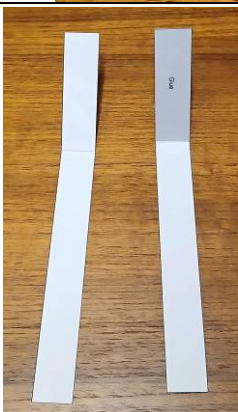

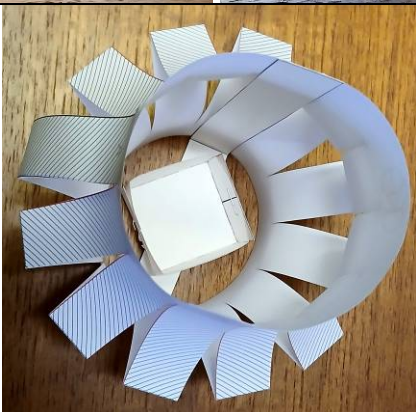

Lantern template, printed onto A4 paper or thin card,  
Lantern support template, printed onto card.  
LED Tea light  
Paper glue  
Scissors  
(Colouring pencils, felt tips or paint)

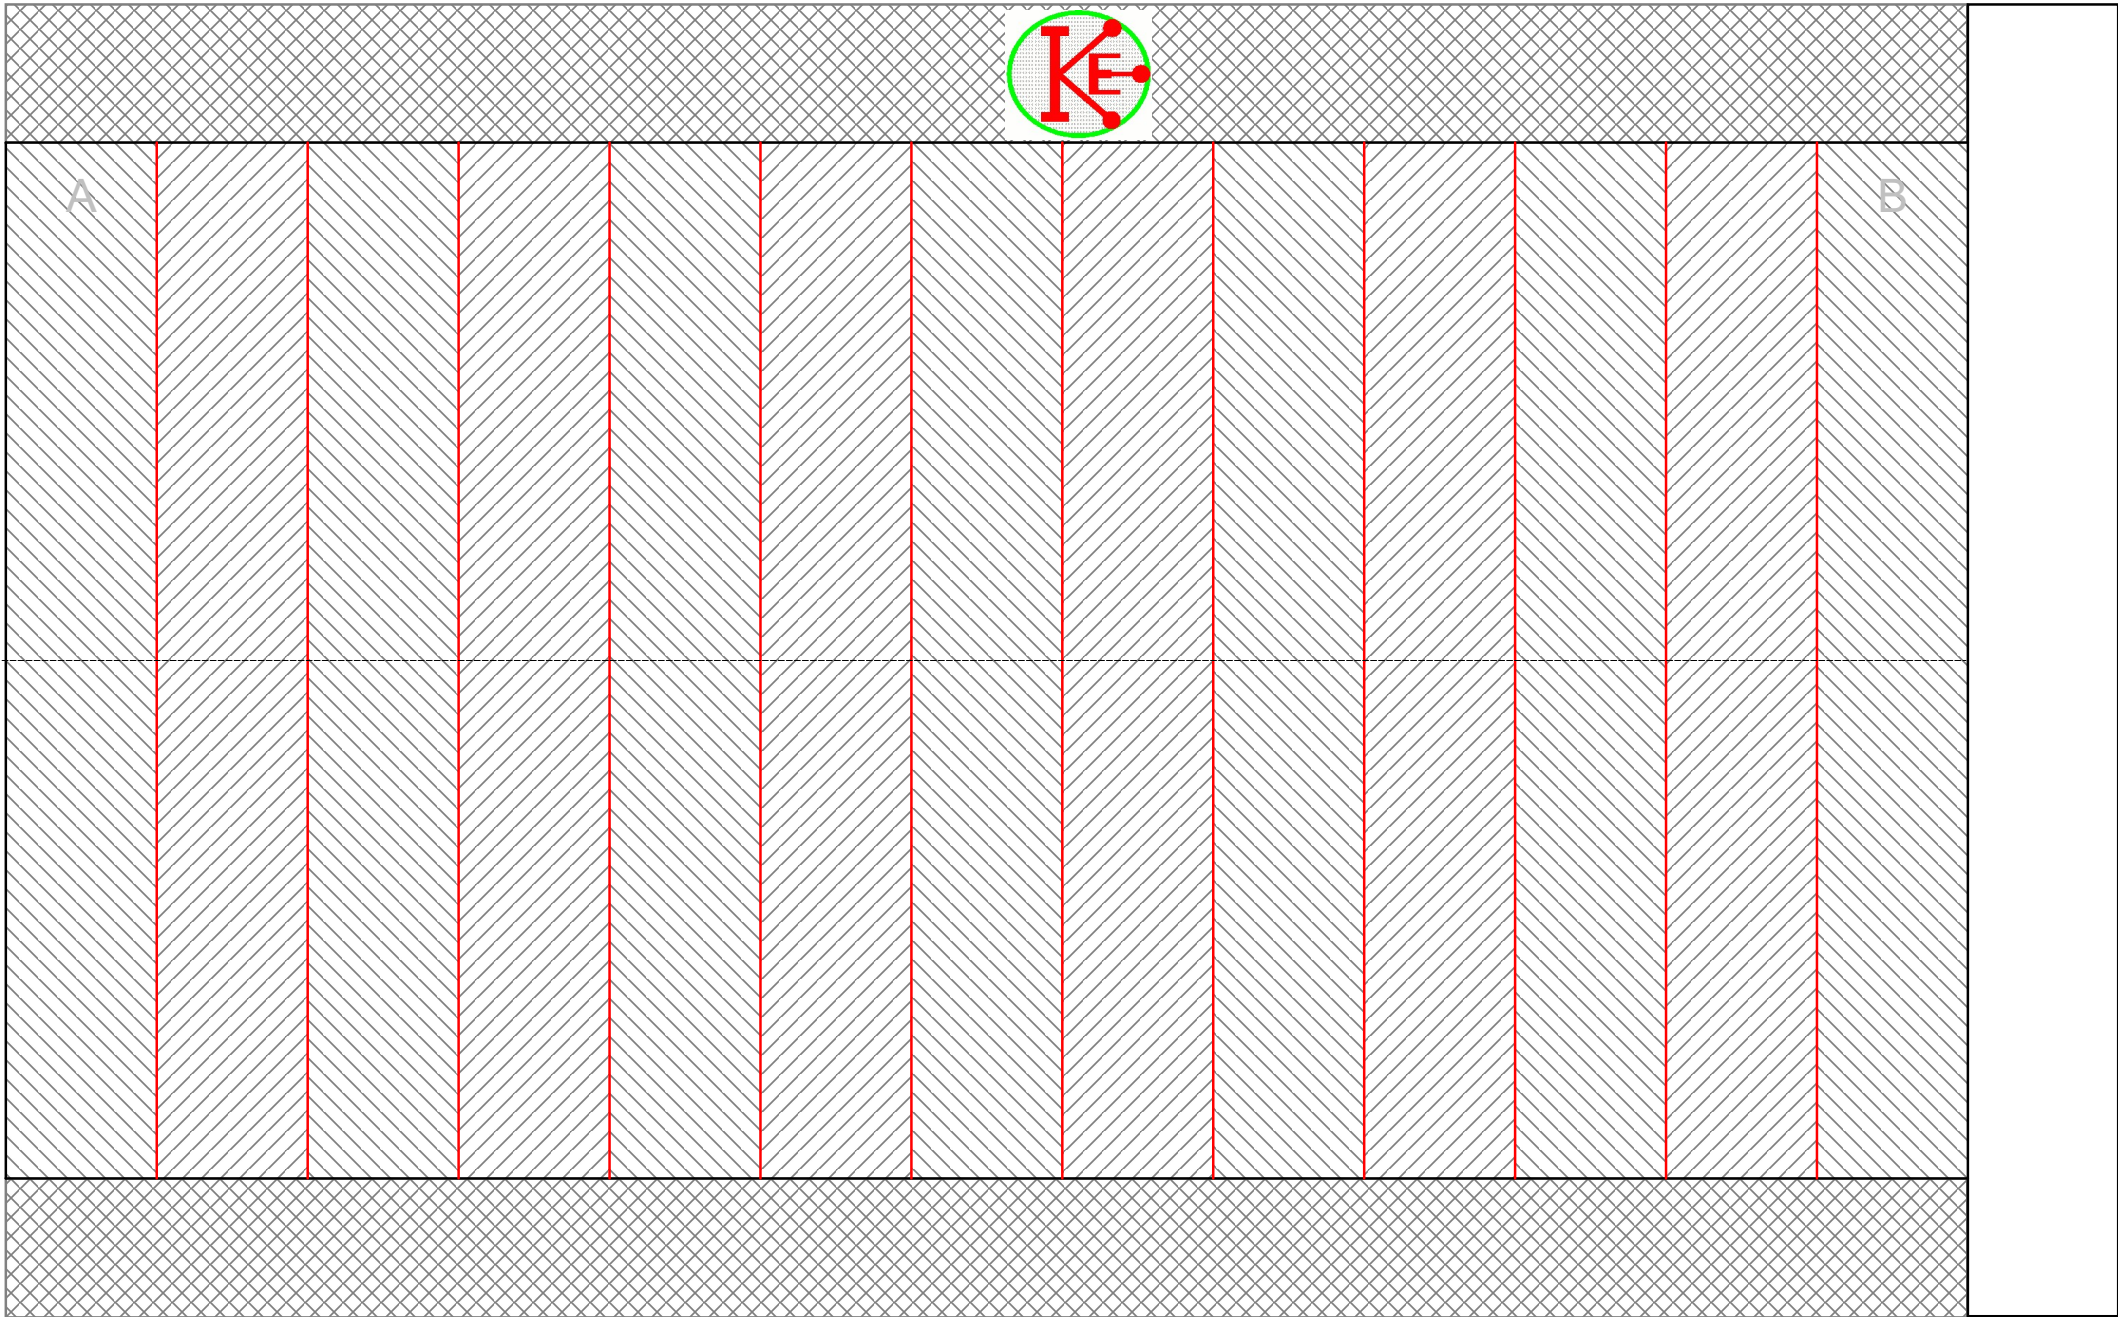

## SAFETY:

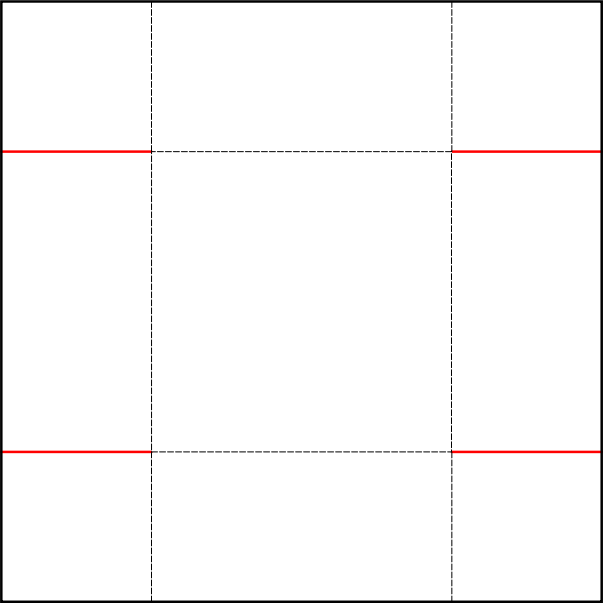

Take care not to cut yourself with the scissors.  
Do not dismantle the tea light.

## MAKING the LANTERN

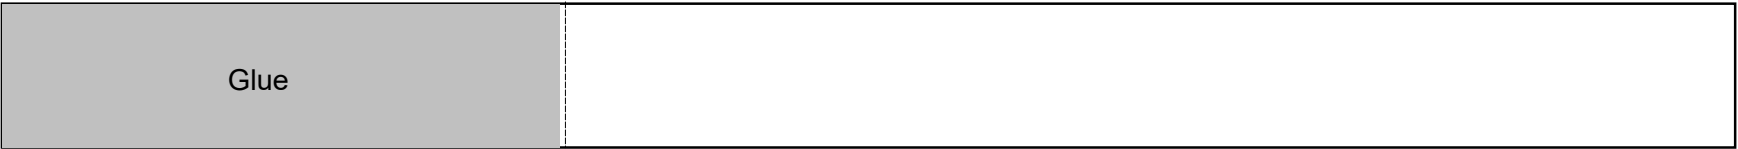

<p>1).  2). 3).</p>	<p>Cut off the unshaded strips on the edges of the template. Keep the wider strip - it can be used as a handle.</p> <p>Apply any colour or designs to your lantern.</p> <p>Fold the template in half length wise.</p>	
<p>4).  5).</p>	<p>Carefully cut along each of the red lines from the fold.</p> <p>Unfold and apply glue to strip B.</p>	
<p>6).  7).</p>	<p>Curl the lantern round and carefully stick strip B underneath strip A.</p> <p>Leave to dry.</p>	
<p>If the LED lamp is not needed, then the wider strip of paper from (1) can be glued to the top of the lantern to form a handle.</p>		
<p>8).</p>	<p>Cut out a lamp container and cut along the red lines.</p>	

9).	<p>Carefully fold along the dotted lines of the lamp container and glue the flaps to the inside.</p> <p>(A stapler can be used to secure the flaps, while the glue dries).</p> <p>This forms an open box approximately 4cm x 4cm x 2cm.</p>	
10).	<p>Cut out the two supports and fold along the dotted lines.</p>	
11).	<p>Put glue on the shaded support surface, and stick the other support on top to form a U shaped frame approximately 7.5cm x 15.5cm.</p>	
12).	<p>Slide the U shaped frame into the lantern and glue the top of the U to the top of the lantern.</p>	
13).	<p>Carefully slide the bottom of the lantern UP the frame and glue the lamp container to the inside of the frame.</p>	
14).	<p>Cut out the handle and glue it to the top of the frame/lantern to form a handle.</p>	
15).	<p>Slide the lantern UP the frame and put the LED tea light into the lamp holder.</p>
